It's time to get comfortable.™

The Benefits of Choosing a York® 92% AFUE HIGH-EFFICIENCY GAS FURNACE

HIGHER EFFICIENCY AND VALUE

With a 92% AFUE rating and ENERGY STAR® qualified design, York's® new high-efficiency, 92% furnace gives you the perfect model for new home construction and the replacement market. The innovative line offers the value that builders demand and the comfort and convenience that homeowners want. You get easy installation and service, while delivering outstanding energy efficiency.

COMPACT DESIGN FOR EASY INSTALLATION

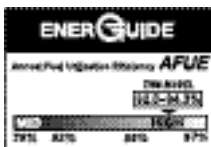

Combining economy and efficiency in one compact unit, the 92% furnace, housed in an optimized 40-inch cabinet, provides convenient access and easier installation. A new steel casing liner improves insulating performance and adds strength for faster, more flexible installation.

IMPROVED SERVICEABILITY

Even with its smaller size, the 92% furnace is easier than ever to service and maintain—thanks to the convenient redesign or relocation of many common serviceable parts.

FEATURE	BENEFIT
New heat exchanger design	Simplifies gas flow path and reduces number of parts
New steel casing heat exchanger liner	Better insulating performance, stronger cabinet design
Control box located in front	Easy access for wiring installation and faster service
New control board	Expanded diagnostic and service capabilities
Smaller, compact size	For installation flexibility

*92% Efficiency Upflow models only

92% GAS FURNACE (GY9S)

Model	Heating Capacity Input/Output	AFUE %	Nominal Tonnage
GY9S060B12UP11	60/55	92.0	1½-3
GY9S080B12UP11	80/74	92.0	1½-3
